## GIRL SCOUTS CAMP AT CLERMONT HARBOR HAS SPLENDID OUTING

Troop From Bay St. Louis Spends Week in Annual Encampment — Mrs. Goldman Director.

The Girl Scout camp at Clermont Harbor held June 7 to 12th proved most successful. The camp was under the direction of Mrs. J. B. Goldman, captain of Troop One and Miss Regina Blaise, lieutenant. The camp menu was planned by scouts Marion Chapman and Estelle Pepperdine and the buying was supervised by Mrs. Pepperdine, Mrs. Olson and Mrs. H. Weston of the troop committee.

Monday the meals were supervised by Mrs. Olson; Tuesday by Mrs. Davis and Mrs. Anderson and the rest of the week by Mrs. Nelson. All are members of the committee. Mrs. McElroy of Gulfport, Red Cross Examiner was at camp Tuesday, Wednesday and Thursday, giving two lessons daily in swimming and lifesaving. Two girl scouts, Lucy Weston and Mary McDonald Kittrell and two boy scouts, Orlando Goldman and Paul Lacoste, passed their Junior Life-Saving Tests at Gulfport on Saturday.

Mrs. Katherine Thomas stayed at camp two days giving instructions in the making of Marionettes. Scout Blanche Wenar taught the girls the rudiments of archery. Boating, nature hunts, shadowgraph plays and dramatics were also part of the camp program and each of the twenty-four girls attending report a most enjoyable and profitable week. Marion Chapman was voted the best camper, which was quite an honor as all of the girls have become good campers and know how to "take it."

This is the fourth registered and accredited camp, and Troop One is proud of its record.

A dancing class, under the direction of Mrs. Katherine I. Thomas, will be conducted at 304 N. Second street, as a recreation activity. The purpose of the class is to train singing groups and dancers for programs to be given later in the season. In order not to conflict with the work of the local teachers there will be no tap dancing taught in this class. Character dancing and interpretive work will be stressed, and the local teachers will be asked to cooperate by contributing tap numbers for the programs, and will be given full credit on the programs for their pupils work. The class will start Monday, June 21 and will be held regularly every Monday and Thursday, open to girls from eight to sixteen years of age.

## SETTLES SUIT OUT OF COURT

Chief of Police Hobbs Accepts Settlement By R. R. Company.

The \$25,000 damage suit of City Chief of Police Wm. T. Hobbs of Bay St. Louis vs. Louisville & Nashville Railroad Company, held the attention of Federal court at Biloxi during the earlier part of the week. After the case had begun a settlement was made out of court where in Mr. Hobbs, it was stated had received \$1500.00.

It appears Mr. Hobbs on the night of November 23, 1934, was pursuing a man wanted by the law within the city limits of Bay St. Louis ran across the railroad tracks of the defendant company and fell into a cinder pit between the tracks. The pit, it appears, had been cleared and the plaintiff fell and hurt his limbs and other parts of the body severely.

He filed suit and won a verdict for \$3,000. However, the railroad company appealed the case and it was remanded back for new trial by the lower courts. The railroad took it to federal court with the above reported results.

Mr. Hobbs was represented by Attorney Carl Marshall.

## Waveland Residents And Party on Trip To Far Pacific Coast

Mr. and Mrs. Charles B. Mollere and two manly young sons, Argo and Brewster, accompanied by Mr. and Mrs. John Morere, who recently disposed of their general mercantile business in Waveland, left Wednesday morning by auto for a trip West that will embrace many parts of interest.

Their itinerary will include a visit to the Dallas Fair, El Paso and Juarez, Old Mexico; thence along the Santa Fe route to Grand Canyon, in Arizona, Yellow Stone Park, Salt Lake City, Reno, Nevada, San Francisco, Sacramento, Los Angeles, and Wilmington, Cal., where Mr. Mollere will visit his father and other relatives. While it was definitely decided he would visit that part of the far Northwest Pacific Coast—Portland and Seattle, he was not certain that part of the proposed trip would be traveled.

Visiting the West and California last year, Mr. Mollere is thoroughly acquainted with that section and this will make for an all the more enjoyable trip, which is one purely recreational and educational for the children, as Mr. Mollere said.

## New Lease On Love.

When your favorite masterful movie male whispers sweet nothings to his lady love you will, in the future, actually live the intimate scene with him, according to management of the A. & G. Theater, where Western Electric's new Mirrophone sound system is being installed. Faint sounds such as whispers and the rustle of autumn leaves will, with Mirrophonic, retain all of their naturalness and intimacy to a degree previously unknown to talking motion picture fans. "Patrons seated even in the extreme rear rows will hear the sounds as plainly as if they were actually on the stage with the stars."

The new sound will be ready for public showing next week.

## AUTOMOBILE DAMAGE SUIT FEDERAL COURT BACK TO HANCOCK

Mrs. McC. Grace de Ben's Attorney Establishes to Satisfaction of Court Defendant Resident Hancock County.

Gex & Gex, attorneys for Mrs. McCay Grace de Ben, wife of Hubert de Ben, residents of Bay St. Louis, were successful in federal court at Biloxi Monday in having their case remanded to Hancock county circuit court, fall term to convene here in September.

The suit of Mrs. de Ben was brought against Mrs. Wm. J. Lodwick, for alleged personal damages resulting from an automobile mishap when in a car with Mrs. Lodwick, owned and driven by the latter on October 13, 1936. Mrs. de Ben it appears was thrown from the rear seat to the top, head striking an upper part of the car and as a result, it is claimed, Mrs. de Ben was seriously injured about the head and spine, and for a long time was under professional care. As a result her head and neck were held in a brace.

The defendant had the case transferred to the federal court at Biloxi, attorneys claiming Mrs. Lodwick was not a resident of Bay St. Louis but of New Orleans and residing out of the county and state hence the change of court.

However, at the federal hearing, the plaintiff's attorneys showed to the satisfaction of the court that at the time Mrs. Lodwick was a legal resident of this city even though she had gone to New Orleans.

The sum sued is in amount of \$15,000.

## URGE SALES TAX DIVISION AMONG CITIES, COUNTIES

Mississippi Officials Would Use Money for Bond Service.

Adopting a series of resolutions, one of which provided that the municipalities and counties of Mississippi should be given a portion of the state sales tax to retire bonds, were adopted at Gulfport Tuesday at a joint district meeting of the State Association of Supervisors.

The meeting one of the series of 20 to be held throughout the state, was called by C. D. Ross, manager of the State Municipal Officers' Association, and was attended by municipal authorities, members of boards of Supervisors and state legislators from a half-dozen South Mississippi counties. Counties represented were Harrison, Hancock, Jackson, Stone, George and Pearl River.

The meeting went on record opposing the present state collection of taxes on gasoline and oils used by municipalities and counties, characterizing it as "unfair" and asserting it should be "discontinued."

A third resolution was adopted declaring that the road and bridge privilege tax should be amended to make the tax payable in March and requiring the car owner to present receipts that all other taxes have been paid.

Another resolution had to do with tax-forfeited lands and the two organizations expressed themselves as favoring the counties and municipalities wherein the lands are located being given the preference in purchasing same.

G. W. Hosey, mayor of Laurel, presided at the meeting.

## ADJ. GENR'L O'KEEFE IS SPEAKER

Before Bay Rotary Club—Tells of National Guard And What It Means To State.

Bay St. Louis Rotary Club was signally honored Wednesday to have as its guest speaker Adj. General John A. O'Keefe, of Mississippi, who made the trip from Jackson especially to fill this engagement. He was formally introduced by President Norton Haas of the Club.

The speaker spoke of the National Guard in the State. He said there were at present 2500 members considered a unit of goodly size and that the government had purchased the Old Camp Shelby at Hattiesburg, of World War time days and converted the place into a permanent state headquarters and training camp. He told of the importance of the National organization, what it meant to both state and nation and a recital of its details was most interesting.

He was major during the world war, and in addition to being State Adj. General on the governor's staff is Brigadier General of the Guard unit. Prior to accepting the position on the governor's staff he was mayor of Biloxi and is particularly well known along the Mississippi Gulf Coast. In Bay St. Louis he is personally known to many.

A large attendance at the club greeted the distinguished citizen and speaker. It was the first talk of the kind and aside from the fact of its general interest it was highly educational, proving how little majority knows of the details and workings of the organization that means for safety and protection aside from the high patriotic spirit which it represents. General O'Keefe is a splendid speaker in addition to his brilliant mind.

Mrs. Edouard C. Carrere was hostess on Wednesday afternoon to a large card party, at her dwelling on Waveland beach, benefit Altar Society of the Church of St. Claire.

Mrs. Carrere's substantial gesture for the church was signally complimented by the flattering attendance both Waveland and Bay St. Louis ladies and gentlemen responding to the call not only numerous but generously as well.

Various card playing and other games were indulged in addition to bridge. Refreshments were served at frequent intervals and successful players handsomely rewarded for their skill with worthwhile trophies.

It is gratifying to learn that net receipts will about hit the one hundred dollar mark.

## SCHARFF'S STORE CELEBRATES SIXTH ANNIVERSARY DATE

Coming To Bay St. Louis From Memphis, Tenn., Joseph R. Scharff Registers Success.

This week marks the sixth anniversary of the Quality Food Store of Joseph R. Scharff, who moved from Memphis, Tenn., to this point on the Gulf Coast.

The event is marked with an extraordinary sale that will continue today and tomorrow—Friday and Saturday, June 18 and 19. It will be remembered that Mr. Scharff came to Bay St. Louis unknown. He purchased a small going business and soon revolutionized its being with a large and varied stock, and with a heavy purchasing power he was able to mark down prices to that level consistent with the best for the least money.

By persistent use of printers' ink—week after week (missing only one in six years) backed with the most enterprising and dependable methods the popularity of the store grew to wide bounds and the name of Scharff's became a well-known word over the city and county.

Mr. Scharff is identified with every public and civic endeavor. Affiliated with every move calculated to the betterment of county and city and always willing to lend his aid both with his shoulder to the wheel and purse.

The anniversary sale is on. You are invited to call and join in the celebration. Mr. Scharff will be glad to see you.

## KILN RESIDENT IS VICTIM OF FAKE ADVERTISING SCHEME

As Alleged by Postal Department—Mailed Check To Seattle to Company Not Existing.

W. L. Prince, who resides at Kiln, returned from a 6000-mile trip over the West and to the Far Pacific Coast that was entirely unexpected. And the story of "why the trip" not only covers a wide range of territory and human interest but shows how far the government's postal department and its Department of Justice will go to punish any infraction of law. Willing to spend thousands of dollars where possibly only a small sum is involved.

Some time since Mr. Prince read an advertisement in one of the Nationally known agricultural magazines—one of a group of three different publications issued by the one and same company. The advertisement represented a certain electrical appliance and machinery company with address at Seattle, Washington. A particular object for seventy-odd dollars was advertised and Mr. Prince forthwith mailed his order and accompanying check. A week passed and still another and no tidings from Seattle. Mr. Prince inquired at one of the Bay St. Louis Banks if the check had been cashed and has was advised in the affirmative. The endorsement was that of a different company.

Writing to the original company he received no answer. A letter to the firm that endorsed the check "for deposit" at Seattle revealed that it had been received in payment of certain supplies. The original firm advertising, it was finally disclosed by investigation, was represented by a single individual with no connection or being as the advertisement would indicate. Mr. Prince reported the matter to postal authorities at Washington and the individual, aged 24, was charged with using the mails to defraud.

Summoned to appear in federal court, Mr. Prince made the long journey to and fro, the government defraying all railroad expenses in addition to \$4.50 per day for actual expenses.

Hearing was held. The defendant's attorney argued that his client was still a young man and did not realize the enormity of the alleged fraud. Mr. Prince left at the conclusion of the hearing, the case taken under advisement and had not as yet heard of the verdict.

The magazine carrying the advertisement has a well-known reputation for carrying advertisements of only reputable business sources. This fact is recognized. And Mr. Prince felt secure in ordering the advertised object. The magazine reports the advertisement was sponsored by a reputable advertising agency. However, both the agency and publication were imposed upon.

## Episcopal Guild to Have Barbecue

The ladies of Christ Church Guild will give a barbecue on Saturday, June 26th at the residence of Mrs. Sam Keen in Waveland. They will begin to serve at six o'clock and there will be lots of good things to eat. So remember the date and be on hand.

## SCHOOL BUILDING PLANNED

Bay City and School Board To Replace Building For Colored—Preliminary Steps Negotiated.

Members of the City School Board of Trustees together with city authorities have formally filed application with federal WPA set-up for a grant of \$21,000 for the construction of a new school building for colored patrons, to replace the present Valena C. Jones High and Grade School, built some thirty-odd years ago under the administration of Mayor Gaston G. Gardebled and the board of school trustees at that time.

Preliminary plans were submitted at a special meeting of the two boards Monday afternoon by Architect Vinson Smith, of the Coast, and approved by the Board of Trustees. Plans call for six classrooms, recitation room, office, auditorium and new sanitary toilets. Architect Smith was accompanied by Hugh Bourgeois, assistant.

The proposed building would be constructed of frame entirely, at the above cost, and would replace the present building which has not only served its purpose but is inadequate to meet the demands of increased enrollment and declared not too safe for any period of long duration. The structure is two story, with basement, frail and will sooner or later have to be replaced.

It is planned to build under financial auspices of the W. P. A. financing, which grant would provide one hundred per cent of the money required. In the event this request fails then the only alternative would be to seek funds from the P. W. A. In the latter instance the city would have to issue bonds in extent of 50 to 55 per cent of cost.

However, it is felt, if the cash is available through the offices of our congressman and senators who are aware of the imperative need of the demand, the money may be procured from the W. P. A.

## E. E. LUCAS, FORMER BAY RESIDENT DIES AT HIS HOME IN ORLEANS

Was in His Seventy-Eighth Year—Buried at New Orleans Thursday Afternoon

Edward E. Lucas, residing at 7911 S. Claiborne street, in New Orleans, and a resident of Bay St. Louis, died at his home Wednesday afternoon at 4:30 o'clock, funeral taking place the afternoon following, with interment at Metairie cemetery, from the Bultman funeral home in St. Charles avenue. He was in his 78th year.

He is survived by his widow and four children, Mrs. J. F. Gauthier, three sons, Wheeler, Edwin and George and one grandchild, Richard Hugh Gauthier.

A brother, T. E. Lucas also survives.

News of the death of Mr. Lucas was occasion for the expression of much sorrow. He had resided in Bay St. Louis a number of years, his wife the former Miss Hermogene Gragnon, native resident of this city, and after retiring from active business with the American Thread Company, connected many years in traveling capacity, he opened and owned a dry goods and ready-to-wear store of the better class in the Echo Bldg. This was conducted by his sister-in-law, Miss Amelie Gragnon, successfully for a number of years until fire, damaged the interior and the business was suspended. After which, owner of considerable realty estate, he continued to keep busy by entering the real estate selling business at which he was also successful. Finally, engrossed with his own private holdings and other interests he retired from public business and moved to New Orleans, his original home.

Mr. Lucas was a man of fine business ideals, of personal qualifications that made for him many friends. His word was his bond. Reliable and dependable, he was noted for his integrity and sense of honor. His passing removes a splendid character and he will be missed in more ways than one by a wide circle of friends and acquaintances. The widow and family have the sympathy of the many who know them in Bay St. Louis, the family one of the pioneer groups of this section of the Coast.

## NEW ORLEANS ITEM ANNIVERSARY.

NEW Orleans Daily Item. celebrated the sixtieth anniversary of its existence on Thursday of last week, June 10, with a mammoth special edition, consisting of 124 pages. Within its space appear many articles reminiscent of two generations, accompanied with illustrations that refer to the past. In all the edition is most complete and comprehensive and well worthy of keeping for its historic value and accuracy.

The New Orleans Item is one of the outstanding newspapers of the nation and has long taken its place in fore ranks. It is typical of modern journalism, complete in every department, of a high literary order and editorial excellence. As a newspaper it it ranks the tops.

War in Europe and continued talk of further warfare continues the favorite pastime over the pond.

## \$8,000.00 A DAY FROM TOURIST TRADE!

THE Jackson Chamber of Commerce said Monday that a traffic survey made recently on highways entering Jackson disclosed that 2,000 out-of-county, and 500 out-of-state cars enter Jackson daily.

Basing its estimate on studies of tourist business elsewhere, the Chamber of Commerce said the city's income from the tourist trade is not less than \$8,000 daily.

The question to the local mind naturally arises: How much a day is Bay St. Louis getting out of the ever-constant flow of out-of-state cars that "Go by" on the out-of-way Spanish Trail? Answer is near to 0.

With the trail along the beachway and thru the city there is no telling how much a day would be spent locally.

Movies have been the subject of much abuse and acute criticism. However, be that just or not, the fact remains they are one of the educational factors of the day.

## GROUP OF LOCAL ESTATES.

THE ECHO notes with particular interest the building of a group of estates that recently were recreated on the banks of Jordan river, back of Bay St. Louis.

Heads of families from New Orleans have found an inviting spot to build such extensive and beautiful homes and were quick to perceive and recognize such beauty spot wherein to dwell.

Several estates of this kind are grouped and form more than a nucleus for an extensive settlement of the kind in no distant future.

Jordan river shores near Bay St. Louis lend themselves to many conceivable ideas for an ideal home and land values are not only thereby enhanced but in time will command a justly fancy price.

It is evident the Mississippi Gulf Coast is going to get more of its share of welcome summer visitors if present indications count. Regardless of economic upheaval, this favored section has never lost any of its prestige.

## HUBBELL'S GREAT FEAT.

FEW American newspapers, with competent editors, will fail to write a few words on the achievement of one Carl Hubbell, a pitcher for the New York Giants and an ornament to the American sport of baseball.

Considered by many competent judges to be one of the best pitchers of all time, Hubbell recently lost a baseball game. It was news because he had succeeded in winning twenty-four consecutive games in league competition. The Oklahoma twirler was "knocked out of the box" in his effort to win twenty-five straight, but, even so, he hung up a league record. Not only has he been acclaimed for his "mound" skill, but he also has a record of splendid conduct on the diamond.

Bay St. Louis business men and others have formed several competitive softball clubs and each week on the college campus two major games take place. It is a good and healthy sign when busy men find sufficient time to indulge in athletic pastime. It means well for both mind and body.

## "EIGHT MILES OF LILACS"

WE call attention to the effort now being made in North Dakota to plant "eight miles of lilacs" to connect two colleges on a prominent highway.

We commend this idea to other areas. The opportunity exists almost everywhere of beautifying public highways by the planting of appropriate plants and trees and if people everywhere would make some effort along this line the results would be worth going miles to see.

Some of the readers of The Echo may know of similar instances of highway beautification. If so, we would appreciate hearing about them.

Mrs. Champ Clark, widow of the famous Democratic speaker of the House of Representatives, died Tuesday at the residence of her daughter, Mrs. James M. Thompson, wife of the publisher N. O. Item, at the family home in New Orleans. The remains were conveyed to Bowling Green, Ky., for final interment.

## MISSISSIPPI GULF COAST THE IDEAL.

A PATRIOTIC Mississippi publication at Philadelphia calls attention to the fact "we have an ideal belt of country right along the Gulf States—Louisiana, Mississippi, Alabama, Georgia."

And the best section of the belt, and it will have to be admitted by others, exists right here on the Mississippi Gulf Coast. Here is a combination unexcelled.

Long periods of ingratiating seasons make for the ideal place in which to live—practically all the year-round an outdoor life. Mississippi has well nigh perpetual sunshine and the Coast has the flowers that go with the sunshine. Of this belt of Gulf Coast States—

It is true:  
"We don't have devastating drouths;  
"We don't have severe cold weather;  
"We don't have tidal waves or earthquakes;  
"We don't have dust storms;  
"We don't have the warring elements, the untoward circumstance and condition that is incidental of many sections."

A few days ago snow fell in the Dakotas; out West a searing drouth was sweeping the country.

It is a great place to live. And to live in the 'ideal belt of the Gulf States.' Better still, it is the last word in life to live on the Gulf Coast of Mississippi.

## TO CONTINUE PWA TWO YEARS.

CONGRESSMAN Wm. M. Colmer writes from Washington that the House passed a bill continuing the PWA for two more years and giving it an appropriation of \$40,000,000 in addition to the present revolving funds.

This was in line with the compromise arrived at by Administration leaders and a group determined to earmark the relief funds. Under this compromise the President agreed to revoke the Administrative Order limiting grants to 15 per cent plus the funds used for relief labor only, which had brought the PWA program to a standstill. The compromise also provided for the undertaking of 1178 school projects, where the present school building has been declared hazardous and unsafe for students, and of all projects for which bonds have already been voted, which included some 1941 projects.

"It is believed," says Congressman Colmer, "that the compromise will be more beneficial to Mississippi than the original earmarking plan, for the State will get about the same number of PWA projects under either plan, but will be allotted a great deal more WPA money if the relief funds are not earmarked."

## WAVELAND'S NEWEST ENTERPRISE.

WAVELAND'S latest enterprise is its new cinema theater, "The Gulf," a product of enterprise of Edward P. Ortte, who by his heavy financial investment unmistakably displays his confidence in the community and people who live there.

They in turn should show their appreciation in that substantial manner so necessary for the conduct and continued success of the new business. A new avenue of thought and entertainment has been opened in Waveland. It required courage and money to do it. The job is well done. This is better evidenced by a visit to the theater. Here one finds that both a spacious and permanent building is constructed, inviting in every aspect and offering the service of late and up-to-date equipment.

The structure is large, comfortably cooled and seat arrangement is ideal. Waveland and vicinity will show its appreciation of Mr. Ortte's contributions to the Waveland section in that substantial manner which calls for continued patronage. He is deserving and entitled to all that may come his way.

## BILOXI SUMMER SPORTS CARNIVAL.

BILOXI has thrown its Mardi Gras celebration into the discard and its stead holds the annual sports carnival, to be known this year as the Greater Biloxi Summer Sports Carnival. Proving a success as an initial presentation last season the citizens of that resort are going to the project for this summer with greater effort and on more extended scale.

The Biloxi News says the various committees named to carry on the carnival for '37 have begun their work of arranging the various events which will make up the greatest program activities ever arranged for the city. It will last a full week.

The program this year is expected to surpass the initial sports carnival staged last summer. There will be added features.

Such events add to the attractions of Gulf Coast resorts and Bay St. Louis might take pointers to advantage. However, the absence of a public pier and public beach playground such as Biloxi has would prove a bar to great success.

Bay St. Louis must add to its natural attractions in order to further attract thousands of visitors and to keep them entertained after they reach here.

## RECREATIONAL OUTINGS TO BAY ST. LOUIS.

A PARTY of several hundred excursionists from New Orleans spent the day in Bay St. Louis last Sunday and enjoyed in unbounded measure the recreational elements this section offers.

It was an unforgettable day for the workers of a textile mill—at the seashore even though for only one day. One wonders with this particular section of the Mississippi Gulf Coast in such close proximity to New Orleans why there are not more of such outings hither.

Our city welcomes the visitors and every citizen co-operates to help make it as enjoyable as possible.

With the Gulf Coast country so close, New Orleans has indeed a great recreational asset. The surprising part is that such advantage is not more frequently embraced.

A day on the Coast is priceless to the city dwellers, particularly to the laboring class. It is within easy reach of access and the cost is well within the means of the most slender purse.

Don't plant weeping willows. Posies and roses grow better.

### WOOL INDUSTRY.

(Philadelphia, Miss., Democrat.)

A NEW industry is coming to Mississippi.

The movement contemplates the re-establishment of the raising of sheep in south Mississippi.

"It would seem an admirable move.

There are thousands of acres of cut-over lands in south Mississippi.

They will afford ideal pasture lands for the grazing of sheep.

This new industry, with a far-reaching program, was engineered largely by Dave Cottrell.

Mr. Cottrell is tireless in his efforts to bring industry to this state.

For years and years, he has hammered at the goal.

He is far-seeing, of found business judgement, and a loyal Mississippian.

He deserves unstinted credit for his consistent efforts.

THERE'S many a man today

The pressure and the hazards

The burden of taxation, to-

more. Now the factory is liqui-

dating, the city of Tupelo has

than \$250,000 and 400 men and

women must look for work

### NO ROOM TO PRINT

(Jackson News)

EDITORS do truly try to be patient—very patient—but so many things bob up in the course of a day that sorely try their patience and tax their souls.

On the desk at this moment is an essay.

It was sent in by the principal of a certain high school in Mississippi.

It was the prize-winning essay.

Principal requests that it be "printed in full."

That's a foolish request, of course.

Mississippi's Greatest Newspaper does not even try to print Presidential messages in full. They are boiled down to the minimum. All newspapers do that.

Aforementioned essay was proclaimed the prize-winner by a committee of allegedly competent judges, composed of teachers.

A glance at the first page reveals exactly twenty errors in over-capitalization and under-punctuation. Also several grammatical errors.

Nevertheless, that essay won the prize.

Subject: "The World's Future."

Whereas, at the April, 1937 meeting and on the 1st day of said meeting, same being the 5th day of April, Supervisor T. E. Kellar, read and then handed to the Clerk of this Board, the following written motion, and which said article through inadvertence was not placed on the minutes of the April meeting of this Board; be it, therefore, ordered that the Clerk of this Board be and he is hereby ordered to place motion on the May minutes with the same force and effect as the same motion would have had, had the same been placed on the April minutes of this Board.

The following is an exact copy of the said articles as handed to the Clerk of this Board:

Motion made by T. E. Kellar, First, for the economic good of our county, and in order that we might eventually balance our budget, and especially with reference to Road and Bridge funds, I make this motion:

First: That all bills that the County has, be presented to the Board at each regular meeting, to be approved for payment of future payments, and that each bill be numbered and allowed in the order in which they appear, the board having the right to reject any order that in their judgment is not legally authorized.

Second: I make this motion that the Board of Supervisors of Hancock County now go of record that they will not, obligate themselves, either directly or by contract, for any money that the present levy as is now fixed by law, for the years of 1936-1937 will bring, and that any obligation that the County might make beyond this amount of money will be enjoined by and in the name of the tax payers of Hancock County.

Bay St. Louis, Miss. May 6th, 1937.

To the Honorable Members of the Board of Supervisors of Hancock County:

Gentlemen:

Sometime ago in figuring the indebtedness due by the County to teachers for past due pay, I certified to the Board of Supervisors a list of teachers to whom the county was indebted, and in the said certificate I certified that there was due Mrs. G. C. Woodruff eight months, when in truth and in fact there was only four months due Mrs. Woodruff, and four months due Mrs. S. S. Rutherford, but by error I gave credit to Mrs. Woodruff for the full amount, which was an error because Mrs. Woodruff had resigned as a teacher and Mrs. Rutherford was fully elected and the pay after the resignation of Mrs. Woodruff should

## 50 MILLION TAX STAMPS BOUGHT BY MISSISSIPPI

A year's supply of cigarette stamps, 50-million of them, was purchased here Saturday by the State Tax Commission.

The stamps are affixed to the cellophane cover of every package of cigarettes sold legally in the state to insure payment of the three-cent tax.

They are known as decalcomania stamps and were purchased at sixteen and one-half cents per thousand from the Meyerco Company of Chicago, represented here by Harry Cornell. The fifty-million cost approximately \$8,250.

Two other bids, filed according to specifications, were received, one of nineteen and one-half cents and the other for 17 cents.

Last year's stamps were purchased from the Rayner Consolidated Decalcomania Company of New York and Chicago.

Respectfully submitted,

K. G. McCarty,

Supt. of Education.

Whereas, the Board considered the said letter of the said Superintendent of Education, and finding that the said four months were really due Mrs. S. S. Rutherford, and that the prior order approving of the said four months for Mrs. C. G. Woodruff be corrected as to show, and is now corrected to show that the said four months are due Mrs. S. S. Think how elated you are when you put out a perfectly grand dinner for six in only an hour's time. But just think how proud you'll be of making what appears to be a brand new chair in only an hour's time. The dinner is a great satisfaction, sure enough, but once it's eaten it's gone except for the memory and that comfortable feeling. However, that new chair will last and last and last a visible example of your ingenuity and skill.

And how to go about it? Suppose you have a set of kitchen chairs that look just too awful to have around

any longer. Don't throw them out—get to work on them. With a little patience and a willingness to follow directions on cans you can refinish them beautifully. Wash the surfaces clean, dry and sandpaper the glossy finish until it looks dull and smooth. Then comes the downright fun, the painting itself. With a good enamel you can't help but have good results—the paint will flow on smooth, even and glossy. Experience isn't necessary, and it doesn't take a skillful hand to wield a brush for such small objects as this—simply a careful one. You can even put on those small finishing touches that mean so much—make the chair body one color, the arms and knobs a contrasting one. It's a simple process. Do the entire piece first in the principal color and let it dry. Then put on your other color touches with a small brush. There is one point I forgot to mention. Place the chair upside down on a thick newspaper and do the underside first. If you try to do it last you'll find yourself practically standing on your head. It's a simple process. You can do just so much with a paint brush and any one of a couple dozen grand shades of enamel. You can match up odds and ends of unmatched tables, chairs, unmatched pieces of bedroom furniture, porch furniture, toys, bookcases, and on and on and on. As a matter of fact, I highly recommend these splashes of color in every room in the house. It's an inexpensive way of bringing life and charm into your home and let me repeat, and repeat again... color makes the home.

## "Green Light" To Cast Its Gleams Sunday and Monday at A. &amp; G.

"Green Light," that stirring story of heroism, sacrifice and love, which had many hundreds of thousands of readers in its book form a couple of years ago, comes as a photoplay to the A. & G. Theater Sunday and Monday—a faithfully made, splendidly-cast Cosmopolitan production, released by First National.

Errol Flynn, the young Irishman who made sensational hits in "Captain Blood," and "Charge of the Light Brigade" is the masculine star of Lloyd C. Douglas' gripping tale. He plays Dr. Paige, the scientist who almost gives his life in researches destined to alleviate human suffering.

The girl he wins, after much misunderstanding and unhappiness, is the lovely little blonde Anita Louise who had a recent triumph of her own as the mother of "Anthony Adverse" in the film version of that book, and shares stellar honors with Flynn.

The saintly philosopher, Dean Harcourt, friend and advisor of all the characters in the story, is played by the distinguished British character star, Sir Cedric Hardwicke, who was brought 6,000 miles from the London stage to the Hollywood cameras for just this one job.

Margaret Lindsay portrays a devoted hospital nurse who loves Flynn, but has to surrender him. Henry O'Neill as a surgeon who unwittingly forces Flynn into a long martyrdom.

Walter Abel, whose most recent success was as the district attorney in "Fury," was specially engaged to enact the role of Flynn's friends and fellow scientists.

Enthusiastic reports about "Green Light" have come from preview audiences. It was directed by Frank Borzage.

## YOUTH

Aubrey Williams, of the National Youth Administration, has appealed to private industry to supply jobs for the estimated 400,000 young persons now going out of schools and colleges for their summer vacations. Since many of them come from the low income family group they need work during the summer.

May dividends, \$524,198,349, were the largest in six months.

## EMPLOYEES OF LANE COTTON MILLS AT NEW ORLEANS ENJOY OUTING

Some Fifteen Hundred People Spend Memorable Day in Outdoor Pastime—Picnic on S. S. C. Grounds.

Some fifteen hundred people were transported from New Orleans to Bay St. Louis last Sunday and spent the day enjoying the delights such outing could afford and that on the shores of Bay St. Louis.

Two special trains carried the excursionists, and about two hundred people additionally to the fifteen hundred came over by automobile.

The outing was that of employees of the Lane Cotton Mills Co., at New Orleans, and was in keeping with the usual practice of the Lane Company to periodically provide entertainment and recreation for its people.

All expenses of the trip were borne by the Mill of which Mr. S. Odenheimer is president.

Music was furnished by a band composed of mill workers and by strains of the splendid music dancing was indulged in by many during the day and between time of the various activities.

The picnicers were met on arrival by Mr. F. Odenheimer and his charming wife, Mrs. Odenheimer, who distributed flowers to all ladies of the large party. The gesture was a gracious one and such thoughtfulness and manifestation of consideration was appreciated by the happy recipients.

The outstanding event of the day was a bathing beauty review, in which many pretty girls participated. The winner of this event was Miss Olga Kernan, and other selections in the order named were Misses Rita Morrison, Rose Incardina, Leah Knecht, and Elmore Kuhn. Prizes were awarded.

Music for dancing was provided, and games were in progress all day, such as baseball, tennis, races, even to a fenced pig contest.

It was the unanimous opinion of all in attendance that there could not be found a place better suited than St. Stanislaus College grounds for the occasion. Everyone most heartily enjoyed the day, and even old man weathered his finest sunshine, and kept the soft sea breezes blowing throughout the entire day.

Executives of the mill and managers of the outing are appreciative and thankful to Bro. William, president of St. Stanislaus College, who welcomed the party so cordially and who contributed materially to a day of thorough enjoyment. Without his hearty co-operation, it was stated, the success of so enjoyable a day would not have been possible.

However, there was one fault to find, a spokesman said. "When evening time came the beauty of Bay St. Louis and the Gulf had to be left behind. It was a joyous day and came to an end all too quickly. We shall never forget Bay St. Louis and the co-operation of the college and the city of Bay St. Louis and its good people."

The committee in charge of arrangements was Messrs. Freyhan Odenheimer and H. J. Briggs, the latter assistant treasurer.

## YOUR DADDY.

YOUR daddy may be young and strong Without a trace of care. Your daddy may be well along With winter in his hair.

Your daddy may be famed afar With fortunes manifold. Your daddy, as most daddies are, May be of common mould.

Your daddy may be potentate, A Senator or such, Whose merit ornaments his state, Whose name no taint may touch.

Your daddy may be humble born, A man of lowly mien. No deed of his may yet adorn The form, stage or screen.

Your daddy may be dreamless dust In some forgotten grave. Enshrined in bronze or marble bust, He may be proud and brave.

Your daddy's portrait may be hung In many a hall of fame. Except his neighbor folk among, Few now may know his name.

Your daddy may have died a saint With spirit fit for God. Your daddy may have left the taint Of felon's criminal clod.

Your daddy may have shared his all With every soul in need. His goodness may have been as gall When paupers came to plead.

Your daddy surely must have been, Or he must surely be, Much like the common run of men, Though differing in degree.

But whether high or whether low, Or whether good or bad, On Daddy's Day, at least, I know, You love your dear old dad.

Then, go and tell him that you do. If he is with you still. If he is dead, then tell him, too, For hear he surely will. DAVID E. GUYTON Blue Mountain, Mississippi
